The Honorable Phil Mendelson  
Chairman  
Council of the District of Columbia  
1350 Pennsylvania Avenue, NW, Suite 504  
Washington, DC 20004

Dear Chairman Mendelson:

I am writing to transmit the “Captive Property Insurance Emergency Amendment Act of 2013,” the “Captive Property Insurance Emergency Declaration Resolution of 2013,” the “Captive Property Insurance Temporary Amendment Act of 2013” and the “Captive Property Insurance Amendment Act of 2013.” This legislation will allow the District of Columbia to receive reimbursement from the Federal Emergency Management Agency (FEMA) for damages sustained by the District during the August 2011 earthquake.

The August 2011 5.8 magnitude earthquake caused $6,800,000 in damage to District owned property, including 31 school buildings. On November 8, 2011, President Barack Obama signed a disaster declaration for the District of Columbia, making the District eligible to receive public assistance from FEMA equal to seventy-five percent of the total cost to repair the damage to District buildings. Federal law requires that in order to receive FEMA assistance, the District must obtain and maintain insurance equal to the amount of the eligible and paid funding, which is approximately $5,100,000. In order to receive reimbursement from FEMA, the attached emergency legislation needs to be effective by FEMA’s March 2013 deadline. If the legislation is not approved, the District could miss the opportunity to secure the currently available public assistance. Delay also may further expose the District to loss of future FEMA public assistance should another disaster occur prior to the satisfaction of the FEMA insurance requirements.

On the advice of the Office of Risk Management, Homeland Security and Emergency Management Agency, Department of General Services, and Department of Insurance, Securities and Banking, I have concluded that the most cost effective strategy for meeting the federally mandated insurance requirement is to authorize the District’s existing Captive insurance agency to issue property insurance policies. To do so, the Captive’s enacting statute needs to be amended. The Captive Property Insurance Emergency Amendment Act of 2013 makes two material amendments to the Captive’s enacting statute. The first amendment expands the Agency’s authority to provide property insurance for risks to District real property assets for various hazards, including earthquakes. The second amendment authorizes the Agency, by delegation from the Mayor, to enter into contracts with other insurance companies and re-
insurers. This amendment would allow the Agency to employ risk transfer strategies to further minimize risk to District owned property.

The attached legislation not only addresses the District's short-term needs with respect to reimbursement for the earthquake-related damage, but also creates a long-term vision for a comprehensive property insurance structure for District property assets. It will improve the District's overall risk management strategies by reducing the probability, occurrence and cost of risk to the District government.

If you have any questions, your staff may contact Ms. Amy Mauro, General Counsel at the Office of Risk Management, at (202) 727-9514. Thank you in advance for your support of this important legislation.

Sincerely,

Vincent C. Gray
Mayor
Chairman Phil Mendelson
